

ATS ELECTRO-LUBE
INTERNATIONAL INCORPORATED

MD2000 ULTIMATE Automatic Lubricator

≈WIND≈ SERIES

The **MD2000 ULTIMATE ELECTRO-LUBER™**.....
a powerful, motor-driven automatic lubricator which is refillable
using standard grease guns.

ATS Electro-Lube has re-engineered the **ULTIMATE** specifically
to face the challenging operating environments the wind power
industry presents.

Features

- Most powerful lubricator on the market; produces up to 900psi which enables it to service single-point applications up to 30' away (9m.) and multi-point applications up to 20' (6m.) away.
- Available with long-life replaceable battery packs or **optional** external power sources. (AC and DC)
- Available in 3 sizes: 4, 8 or 16 oz. (125, 250 or 500cc)
- Single or Multi-point configuration.
- Refillable using a standard grease gun.
- Able to service up to 12 lube points with **optional** progressive distribution block.
- **Optional** remote control available to connect to customer supplied equipment or machinery. (eg: PLC, contactors, relays)
- Suitable for both land-based or off-shore Nacelles.
- Multiple settings from 15 days to 2 years.
- Proven technology worldwide since 1982. **Market Leader**
- **Optional** easy to install mounting plates for both single or multi-point applications available.
- Designed for the toughest operating environments.

Temperature Range:

5°F to + 132°F (-15°C to + 55°C)
(NOTE: Low Temp lubricants
must be used at low temperatures)

Size:

Jumbo Model WULT500L: 8-3/4" H X 4-3/4" D

Budget Model WULT250L: 8-1/2" H X 4" D

Mini Model WULT125L: 8-3/4" H X 3-1/8" D
